

GIVING YOUNG PEOPLE FROM SOUTH L.A. THEIR FIRST INTERNSHIP IN TECH

The mission of the South L.A. Intern Initiative is to give students and young people from South L.A. their first internship in tech. The goal is to provide economic opportunities to underrepresented communities by providing meaningful career opportunities to groups who have been historically disconnected from the sector.

WHAT SORT OF POSITIONS WILL BE AVAILABLE?

Design and Visual Media Arts
(e.g., graphic design, videography)

Business Operations
(e.g., general ops, sales, marketing)

Software Development

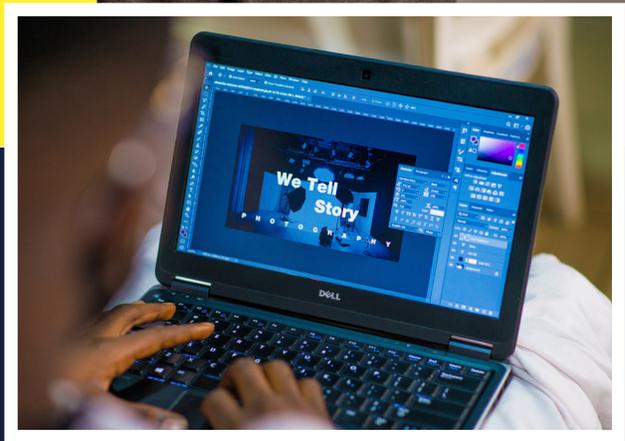

Information Technology

DID YOU KNOW....?

Getting your first internship is key to unlocking the earning potential of a high growth industry like tech. Students who choose a career in tech versus a median job in L.A. County earn an average \$2 million more over their lifetime. The effect this has on individuals, families and communities as a whole is truly transformative.

WHAT ARE THE REQUIREMENTS?

- Live within L.A. County
- Self identify as low income
- Must be passionate/interested in pursuing a career in the tech industry
