THEATRE ACADEMY CLASSES

The Los Angeles Theatre Academy at Los Angeles City College has firmly established itself as one of the best known and highly respected professional theatre training institutions in the United States.

Since being established in 1929, the Academy has been dedicated to developing the skills, crafts and attitudes of students to prepare them for careers in the professional theatre.

PROFESSIONAL TRAINING FOR THE ACTOR

The training that the Los Angeles Theatre Academy students receive is stimulating, broadening, exacting and intense. A limited number of openings are available each Fall and Spring Semester to those acting students who are highly motivated, aggressive, exceptionally talented, and responsible. An acting student admitted into the Academy is signifying complete dedication to study, work and performance so that the standard of excellence of the Theatre Academy is continually maintained.

Acceptance into the competitive, highly selective program is by audition and interview only. Specific information concerning entrance requirements is available in the Theatre Production Office (Theatre Building - Room 208). Please note that any actor interested in pursuing training at the Los Angeles Theatre Academy must exhibit competence in spoken English. Those actors with pronounced dialects and regional accents who are accepted into the Academy will be required to spend extra time over the course of their training in the Speech Lab so that faculty understanding or articulation does not become a hindrance.
