*A message  
from the  
President*

Welcome  
to Los Angeles City College  
The Urban Oasis of Learning  
that educates minds, open hearts and celebrates community.

To assist you in achieving your goals, take advantage of our many educational and support services! We have a career and transfer center, child care for 3- and 4-year olds at our Child Development Center, a program for International Students, many computer labs for your use, music and the arts, student government, clubs for many interests—the list goes on and on. You can start at the Student Assistance Center (Administration Building 105) for general information on what is available to you. Use our library, join a club or participate in student government in our new Student Union. Enjoy one of our musical presentations or a play. Take a physical education class to enrich your body as well as your mind

Speaking of change, you will notice construction all around you, as a number of building projects are scheduled this year. Our challenge is to minimize disruption of college services. Look for signs, information booths and maps throughout campus to help you locate services, classes and assistance during this construction.

Tuition has increased this fall to \$46.00 per unit—a change that may not be so positive. Another change you need to be aware of is a new state regulation that limits you to three tries at completing any one class. Financial Aid and Counseling experts are here to help you navigate these potential obstacles. It is important that you work with our Financial Aid experts on campus to make sure that you are using every possible resource to reduce the cost of your education. Schedule an appointment with our counseling staff to select the courses you need to prepare you for a career or to transfer to a university. Take a step toward personal success by connecting to our fine programs and services.

No matter what your goal is, LA City College administrators, faculty and staff are ready to help you achieve it.

Sincerely,

*Renee D. Martinez*

## Pre/Co-Requisites, Advisories & Challenges

### **NOTE: PREREQUISITES MAY BE ELECTRONICALLY ENFORCED**

The following explains the conditions of enrollment that qualify a student for a class or course of study according to laws and state regulations AB 3 and Title 5.

**PREREQUISITE** is the requirement needed to qualify for a course. It is designed to identify skills necessary for success in a course.

**CO-REQUISITE** is the requirement for taking a simultaneous course in order to enroll in a particular class.

**ADVISORY** is advice given before enrolling. It is not required that a student follow this advice. **A satisfactory grade** is an academic record with the symbol A, B, C, or "P."

## Challenge Policy/Procedure

A student may challenge the above enrollment policies by filing a Prerequisite or Co-requisite Challenge Petition. You can obtain the form from the Admissions Office (AD 100), the Student Assistance Center (AD 105) or the Counseling Office (AD 108). Documented proof of your challenge will be required. The Petition must be filed with the Department Chair of the department over the class that is being challenged. If the College does not resolve your challenge within the five-day period, you will automatically be enrolled in the class. If no space is available in the class, the challenge shall be resolved before the beginning of registration for the next term. If your challenge is upheld and space is available, you may enroll in the next term.

## Grounds for Challenges

It is your responsibility to show proof with documentation that you have grounds for a legitimate challenge. You may challenge any of the prerequisites or co-requisites using any of the Title 5 regulations listed below:

**NOTE:** If you have successfully completed a similar course outside of the Los Angeles Community College District, bring your official or unofficial transcripts or grade cards to the Counseling Office - AD 108 for evaluation.

1. The prerequisite/co-requisite does not follow the rules established by the District.
2. The prerequisite/co-requisite is in violation of Pre/Co-requisite and Advisory Regulation, specified in Section 55201(e) of Title V. (See Office of the Vice President of Student Services - AD207)
3. The prerequisite/co-requisite is unlawfully discriminatory or being applied in an unlawfully discriminatory manner. Once you have completed the Prerequisite or Co-requisite Challenge petition process on the grounds of unlawful discrimination, you have the right to file a formal complaint of unlawful discrimination with the Dean of Equity and Diversity (Student Union).
4. You have the ability and knowledge to succeed in a course without the pre/co-requisite.
5. You will be subject to undue delay in obtaining your educational goal because the prerequisite/co-requisite course was not reasonably available.
6. You have not been allowed to enroll due to a limitation set for a course that involves intercollegiate competition, public performance, honor courses or blocks of courses limited to a particular group of students. You will be allowed to enroll in such a course if there is no equivalent section offered, and you would be delayed a semester or more in obtaining your degree or certificate specified in your Student Educational Plan.
7. You want to enroll in a course which has prerequisite/co-requisite established to protect health and safety, and you can demonstrate that you do not pose a threat to yourself or others.

# MATRICULATION CONTINUED

## Resolution of Prerequisite Challenges

Each prerequisite challenge shall be investigated and resolved through the appropriate department chair no later than five (5) working days from the day that your challenge is filed.

## Pre/Co-requisite Challenge Petition Filing Dates

Students may file challenges throughout the Fall and Summer semesters up to five (5) working days before the end of each semester. Some departments may accept petitions during summer session and winter intersessions, based on faculty availability.

# HOW TO PLAN YOUR SCHEDULE

A planning worksheet has been provided for you below. The state education code stipulates that each hour of a community college class shall require at least two hours of study outside of class. The maximum study load is 18 units during a regular semester, 12 units during a Summer Session and 7 units during a Winter Intersession. The normal class load for full-time students in the Winter or Fall semester is from 12 to 18 units per semester. Those students who will be employed while attending Los Angeles City College should reduce their programs accordingly. Students who are employed full-time should enroll in no more than 1 or 2 classes or a maximum of 9 units. The table to the right provides the suggested maximum class load for students who are also working.

It takes a little time to complete the Free Application for Federal Student Aid (FAFSA). Once your form has been submitted, it will take several weeks to process. And, it will take several additional weeks before your first financial aid check arrives.

- Financial aid is available to students who can demonstrate financial need.
- Non-California residents may also qualify for financial aid.
- Non-residents who don't qualify for a fee waiver, may be eligible for financial aid.

## Pay Attention To Deadlines

## 5 STEPS TO REMEMBER

**STEP 1:** Complete and submit the FAFSA form on-line at ([www.fafsa.gov](http://www.fafsa.gov)).

**STEP 3:** The Financial Aid Office will review your application and automatically processes a fee waiver for students who meet the criteria.

**STEP 4:** The Financial Aid Office will then send you an Award Notification Letter which states how much aid you will receive.

**STEP 5:** Financial aid funds are transferred electronically to the student's Hire One account during the school year.

Typically your funds will arrive two weeks after you receive the Award Notification, but it can take longer.

### **REUSING A LOS ANGELES LANDMARK**

The LACCD Van de Kamp Innovation Center consists of the restoration adaptive reuse of the historic Van de Kamp's Holland Dutch Bakery and the construction of a New Education Building.

Van de Kamp's was founded in 1915 by Theodore Van de Kamp and Lawrence L. Frank.

Van de Kamp's Holland Dutch Bakery at 2930 Fletcher Drive in Glassell Park was built in 1931 and designed in the Dutch Renaissance Revival style by New York architect, J. Edwin Hopkins. The building, known as the "Taj Mahal of Los Angeles bakeries," served as the headquarters for Van de Kamp's chain of bakeries and coffee shops for more than 75 years.

In 1992, the Bakery was declared a Los Angeles Historical-Cultural monument, Number 569 by the City of Los Angeles.

To preserve historic details, building elements salvaged and rehabilitated include all side façades identified as original Dutch Renaissance Revival architecture, existing steel framed windows, terracotta roof tiles, the existing timber roof and vents, metal railings, brick masonry and the original Van de Kamp's neon sign.

### **PROMISES KEPT**

The LACCD is keeping its promise to provide much-needed educational courses and worker training at the Van de Kamp site. The multiuse center offers courses toward an associate's degree or transfer credits, a high school program and workforce development services.

## Placement Information

High school courses are not accepted as equivalent to college courses. Every new incoming student will be required to take the math assessment unless he/she has satisfied the prerequisite by a college level course or a comparable assessment process from another college (must not be based on high school transcripts). The result of the assessment test is valid for one year. The student is encouraged to start his or her mathematics sequence as soon as possible after the assessment test is taken.

If you place in a 200 level math course, you should review the Mathematics Course Sequence flowchart to determine which track best fits your circumstance and discuss your choice with a counselor.

# GRADUATION – REQUIREMENTS FOR ASSOCIATE DEGREE

## Graduation Requirements

The Board of Governors of the California Community Colleges has authorized the Los Angeles Community College District Board of Trustees to confer the degrees of Associate in Arts and Associate in Science.

The awarding of an Associate Degree symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively both orally and in writing, to use mathematics, to understand the modes of inquiry of the major disciplines, to be aware of other cultures and times, to achieve insights gained through experience in thinking about ethical problems, and to develop the capacity of self-understanding. In addition of these accomplishments, the student should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

A continuing student is one who has completed a minimum of one course per calendar year. Students who interrupt their attendance become subject to any new requirements which are in effect at the time they re-enroll.

### I. UNIT REQUIREMENT.

60 to 64 units of course credit in a selected curriculum (6201.10).

## Plans “A” & “B”

While a course might satisfy more than one General Education requirement, it may not be counted more than once for these purposes. It may be counted again for a different degree requirement as determined by each college. Refer to the chart following this page for information about the correlation between “Plans A” and “B.”

A course may meet a General Education requirement for the Associate degree and also partially satisfy a General Education requirement at the California State University. Students may not use the same course for credit toward the Major and the General Education requirements for the Associate degree.

## STUDENT RECORDS & DIRECTORY INFORMATION

The Los Angeles Community College District, in compliance with Federal and State law, has established policies and procedures governing student records and the control of personally identifiable information. The LACCD recognizes that student records are a confidential matter between the individual student and the College. At the same time the LACCD has a responsibility to fulfill public information needs (i.e., information about students participating in athletics, announcement of scholarships and awards). To meet this responsibility the LACCD may release Directory Information unless the student states in writing not to release it. The responsibility for carrying out these provisions is charged to the College Records Officer, designated by the College President. The Records Officer may be contacted through the Office of Admissions. Copies of Federal and State laws and District policies and procedures are maintained by the College Records Officer and are available for inspection and inquiry.

All student records maintained by the various offices and departments of the College, other than those specifically exempted by law, are open to inspection by the student concerned. The student may challenge the accuracy and appropriateness of the records in writing to the College Records Officer. A student has the right to receive a copy of his or her record, at a cost not to exceed the cost of reproduction. (Requests for transcripts, as distinct from "student records," should be made directly to the Office of Admissions.) Directory Information includes the student's name, the city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Directory Information about any student currently attending the College may be released or withheld at the discretion of the College Records Officer. Los Angeles City College will release no student records, other than Directory Information, without the written consent of the student concerned except as authorized by law. Log of persons and organizations requesting or receiving student record information is maintained by the College Records Officer. The log is open to inspection only to the student and the community college official or his or her designee responsible for the maintenance of student records. No Directory Information will be released regarding any student who has notified the College Records Officer in writing that the College shall not release such information.

Log of persons and organizations requesting or receiving student record information is maintained by the College Records Officer. The log is open to inspection only to the student and the community college official or his or her designee responsible for the maintenance of student records. No Directory Information will be released regarding any student who has notified the College Records Officer in writing that the College shall not release such information.

## ACADEMIC RENEWAL

(See an Academic Counselor for advisement)

Students may submit a petition to the Office of Admissions and Records to have their academic record reviewed for Academic Renewal action of substandard academic performance under the following conditions:

1. Students must have achieved a grade-point-average of 2.5 in their last 15 semester units, or 2.0 in their last 30 semester units completed at any accredited college or university, and
2. At least two calendar years must have elapsed from the time the course work to be removed was completed. If the student meets the above conditions, the College shall grant academic renewal, consisting of:
3. Eliminating from consideration in the cumulative grade-point-average up to 18 semester units of course work, and
4. Annotating the student academic record indicating where Academic Renewal action has removed courses. Academic renewal actions are irreversible. Students should meet with a College Counselor before taking such an action.

## TRANSCRIPTS / VERIFICATIONS

Upon written request, a copy of students' academic records (transcripts) shall be forwarded by United States mail to the students or their designated addresses. Students and former students shall be entitled to two free copies of their transcripts or to two free verifications of enrollment. Additional copies shall be made available to students, or to designated addressees identified by students, at a cost of \$3.00 each. Students may request rush processing to expedite their request for an additional fee of \$7.00 per request. A student's transcript may be withheld if a hold has been placed on his or her record due to equipment, books, uniforms, or similar items that the student has not returned to the College or in the instance of any unpaid fees or charges due to LACC or to any LACCD college. The transcript may be withheld until the student discharges these obligations. Requests for transcripts or verifications may be made online with a credit card payment or in the Office of Admissions and Records, AD 100.

## CONDITIONS OF ENROLLMENT OPEN ENROLLMENT

Unless specifically exempted by law, every course for which State aid is claimed is fully open to any person who has been admitted to the College and who meets the appropriate academic prerequisites.

## CONCURRENT ENROLLMENT

Concurrent enrollment in more than one section of the same course during a semester is not permitted, except for certain Physical Education classes on a limited basis. Concurrent enrollment in courses which are cross-referenced to each other is not permitted. Violation of this regulation will result in exclusion from class and denial of course credit in both courses. Classes scheduled at overlapping times enrolling in classes scheduled or conducted during overlapping times is not permitted. In addition to exclusion from both classes and denial of credits, violators will be subject to disciplinary action. (See "Standards of Student Conduct," elsewhere in this catalog.)

## BASIC SKILLS ENROLLMENT LIMITATION

Title 5, California Code of Regulations, limits student from taking more than 30 units of "remedial" course work, which is defined as "nondegree-applicable basic skills courses." Effective winter 2010, the college's registration system will prevent students, who have exceeded this limit, from enrolling in additional basic skills courses. However a student, who has reached this limit but enrolls in a credit or noncredit English as a Second Language (ESL) course, will be allowed to enroll in additional basic skills courses. Students with a learning disability may request an exemption through the Disabled Student Programs and Services (DSPS) Office. Also, this limitation does not apply to enrollment in noncredit basic skills courses. This schedule is available in alternate format on request.

## AUDITING CLASSES

Students may be permitted to audit a class under the following conditions:

1. Payment of a fee of \$15 per unit. Fees are not refundable and they are not covered by a fee waiver. Students enrolled in classes to receive credit for ten or more semester units shall not be charged to audit three or fewer semester units per semester. This fee structure is subject to change.
2. Students auditing a course shall not be permitted to change their enrollment in that course to receive credit for the course.
3. Priority in class enrollment shall be given to students wanting to take the course for credit.
4. Permission to enroll in a class on an audit basis is at the instructor's discretion.
5. Participation in class activities by student auditors will be solely at the discretion of the instructor, who may provide a written statement of how much participation is allowed beyond observation.
6. Students must be added as an auditor by the last day of the term to add classes. Units of Work/Study Load Maximum and minimum unit requirements may apply, as follows:  
The UNIT LIMIT maximum study load is 18 units during

a regular semester, 7 units during summer session and 7 units during a winter intersession. The class load for students in the fall or spring semester is from 12-18 units for full-time students. A college program of 15 units is equal to at least a 50-hour work week. Students who want to take 19 or more units must obtain approval from a College Counselor. Those students who will be employed while attending LACC should consider reducing their programs accordingly. Los Angeles City College suggests that those students who are employed full-time should enroll in no more than one or two classes (nine units maximum during the Fall or Spring semester; three units maximum during the Summer Session). Los Angeles City College defines a "full-time student" as one who is enrolled in 12 or more graded units. Los Angeles City College defines a "part-time student" as one who is enrolled in 6-11 graded units.

## ATTENDANCE

Only students who have been admitted to Los Angeles City College and are in approved active status may attend classes. Students should attend every meeting of all classes for which they register. To avoid being excluded from class, students should contact the instructor when they are absent for emergency reasons.

**IMPORTANT:** Students who are preregistered and miss the first class meeting may lose their right to a place in the class, but the instructor may consider special circumstances. Whenever students are absent more hours than the number of hours the class meets per week, the instructor may exclude them from class. In addition, the instructor will consider whether there are mitigating circumstances which may justify the absences. If the instructor determines that such circumstances do not exist, the instructor may exclude a student from the class. To avoid being dropped from class, students should contact the instructor when they are absent for emergency reasons. Students are responsible for officially dropping a class that they stop attending. (See "Adding and Dropping" elsewhere in this catalog.)

## INSTRUCTOR NOTIFICATION POLICY

Students should notify the instructor regarding absences by United States mail or by placing a notice in the "Student to Faculty Box," located at the Campus Mail room. Students also may inform the instructor regarding their absences upon return to the class.

## ATTENDANCE DEFINITIONS

"Attendance" means attendance in at least one regular spring or fall semester each calendar year. Los Angeles City College defines continuous attendance for the California community colleges as attendance in one semester during the calendar year before the current semester of enrollment. (Two semesters need not be consecutive, as long as they are in the same calendar year.)

Attendance means enrollment and completion of graded academic course work. (P, NP, Inc and W are acceptable.) Summer is not included in continuous attendance. Reference: California Code of Regulations, Title 5, Section 40401

## GRADES & GRADING POLICIES

Grading Symbols And Definitions Only the symbols in the grading scale given in this section will be used to grade all courses offered in fulfillment of the requirements for an Associate degree or certificate. Grades will be averaged based on the point equivalencies to set a student's grade-point-average, using the following evaluative symbols: The following non-evaluative symbols may be entered on the student's record:

### GRADE SYMBOL DEFINITION POINTS

A	Excellent 4
B	Good 3
C	Satisfactory 2
D	Passing; less than satisfactory 1
F	Failing 0
P	Pass (at least equivalent to a "C" grade or better;
NP	Equal to "D" or "F" grade; units awarded are not counted in GPA

**I (Incomplete)** Incomplete academic work for unforeseeable emergency and justifiable reasons at the end of the term may result in an "I" symbol being entered in a student record. The condition for removal of the "I" shall be stated by the instructor in a written record, which shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record shall be given to the student, with a copy on file in the College Office of Admissions until the "I" is made up or the time limit has passed. The "I" symbol shall not be used in calculating units attempted nor for grade points. The "I" must be made up no later than one year following the end of the term in which it was assigned. The student may petition for a time extension due to unusual circumstances. Courses in which the student has received an Incomplete may not be repeated unless the "I" is removed and has been replaced by a grade. This does not apply to courses which are repeatable for additional credit. **Petitions are available in the Admissions office.**

**IP (In Progress)** The "IP" symbol shall be used only in those courses which extend beyond the normal end of an academic term. "IP" indicates that work is in progress, but that the assignment of a substantive grade must await its completion. The "IP" symbol shall remain on the student's permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student's record for the term in which the required work of the course is completed. The "IP" shall not be used in calculating grade-point-averages.

If a student enrolled in an open-entry, open-exit course is assigned an "IP" at the end of an attendance period and does not complete the course during the subsequent attendance period, the appropriate faculty will assign an evaluative symbol (grade) as specified above to be recorded on the student's permanent record for the course.

## RD (Report Delay)

The "RD" symbol shall be used when the instructor has temporarily not submitted the student's assigned grade. Students receiving "RD" grades should contact their instructor immediately.

**W (Withdrawal)** Withdrawal from a class or classes is authorized from the 2nd week for no W (or 30% of the time the class meets) through the last day of the 12th week of instruction (or 75% of the time the class is scheduled to meet, whichever is less). No notation ("W" or other) shall be made on the record of a student who withdraws during the first four weeks, or 30% of the time the class is scheduled, whichever is less. Withdrawal between the end of the 4th week (or 30% of the time the class is scheduled to meet, whichever is less) and the last day of the 14th week of instruction (or 75% of the time the class is scheduled to meet, whichever is less) shall be authorized after informing the appropriate faculty. A student who remains in class beyond the 12th week (or 75% of the time the class is scheduled, whichever is less) shall be given a grade other than a "W", except in cases of extenuating circumstances. After the last day of the 12th week (or 75% of the time the class is scheduled, whichever is less), the student may petition to withdraw from class by demonstrating extenuating circumstances. Students may obtain a petition in the Admissions Office. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student. Withdrawal after the end of the 12th week (or 75% of the time the class is scheduled, whichever is less) which has been authorized in extenuating circumstances shall be recorded as "W". The "W" shall not be used in calculating units attempted nor for the student's grade point average. "W" will be used as a factor in progress probation and dismissal.

## NEW POLICY EFFECTIVE SUMMER 2012

Effective summer 2012, students will only have 3 attempts to pass a class. If a student gets a "W" or grade of "D", "F", "I", or "NP", in a class, that will count as an attempt. A student's past record of course attempts will also be considered.

If a student drops a class by the "Drop Classes without a W" date, it is not counted for the three (3) attempts that a student has to pass the class.

Example: Students will not be allowed to register for any course at any college within the LACCD if there are three recorded attempts for that course in any combination of W, D, F, or NP grades.

**F D W = NO MORE ATTEMPTS**

We suggest the following strategies to assist you with your educational planning:

- See a counselor before making decisions that could affect your educational plan. You can make an appointment to see a counselor by visiting <http://www.lacitycollege.edu/services/counsel/counsel.html>

- If you must drop a course, drop before the specified deadline for dropping a class without a grade of "W".

\*Deadlines for short-term classes are different from semester-length classes. Check with instructor.

- Be sure you are academically prepared for classes in which you enroll. Read the description of the course in the college catalog. We have many support services available that can help you assess your readiness for courses. You can talk to a counselor for more information about these services.

## DEANS' & PRESIDENT'S HONORS

Students with outstanding scholastic achievement are given public recognition through the Los Angeles City College Dean's List. Full-time students (a student enrolled in 12 or more graded units the qualifying semester) must earn a 3.5 or higher GPA. Part-time students (a student enrolled in 6 through 11 graded units) must have completed 12 units and earn a 3.5 or higher GPA in the qualifying semester. Only the grades from courses completed at LACC, during the qualifying semester, will be used in calculating the grade point average (GPA). Grades of "Credit" will not be counted in meeting the unit requirement for the Dean's or President's Honor List. Students who have appeared on the college's full-time or part-time Dean's Honor list for three (3) consecutive semesters will be placed on the President's Distinguished Honor List. Students who qualify for the Dean's and President's Honors are automatically placed on the lists. Students who think they qualify for either of these honors can go to the Admissions Office and request an unofficial transcript of their records, or use an electronic kiosk, or access the college's website and print out their transcript. Bring the unofficial transcript to the Office of Student Life, Cub Center for verification. The Dean's Honor Program is held annually each spring semester to acknowledge the students who earned their honors the prior spring and fall semesters. For graduation with honors (Summa Cum Laude, Magna Cum Laude, Cum Laude), see "Graduation With Honors" in the Graduation Requirements section of this catalog.

# POLICIES: ACADEMIC

## GRADES & GRADE CHANGES

The Los Angeles Community College Board of Trustees has approved the following grading policies and academic standards as required by California law. Please be aware of these policies and standards as they can have serious consequences if not followed. The Admissions Office and the Counseling Office will be happy to answer any questions you might have regarding these policies and standards. • Section 76224(a) provides: When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course, and the determination of the student's grade by the instructor, in the absence of a mistake, fraud, bad faith, or incompetency, shall be final.

No grade may be challenged by a student more than one (1) year from the end of the term in which the course was taken, provided that if a college's academic senate has determined that the period of time during which grades may be challenged should be more than one year, such longer period shall apply at that college. (Title 5, CAC, Section 51308) Petitioning Evaluative Or Non-Evaluative Grade Symbols Students must file petitions in the Admissions Office for any evaluative or nonevaluative grade symbol change. Inquiries regarding results of grade petitions or instructor complaints should first be directed to the faculty member responsible for the course. If resolution is not reached, the inquiry should be directed to the appropriate academic department chairperson and/or area Dean. If resolution is not reached at the departmental or area Dean level, inquiries should be made to the campus Ombudsperson, at (323) 953-4000 ext. 2450.

## PASS/NO PASS OPTION (P/NP)

The College President may designate courses wherein all students enrolled in such courses are evaluated on a pass/no pass basis or wherein each student may elect on registration or no later than the end of the first 30% of the term whether the basis of evaluation is to be pass/no pass or a letter grade. These courses are noted elsewhere in this schedule as being eligible for the pass/no pass Option.

## PASS/NO PASS COURSES

Pass/no pass courses do not fulfill prerequisites for more advanced courses. The student must meet all class standards. A maximum of 15 units of pass/no pass grades may be applied toward the Associate Degree. Courses offered on this basis are listed below. Contamos con cursos vocacionales en distintas ramas de trabajo. Todos los cursos están disponibles a las personas que no dominan el idioma inglés con fluidez. No tener conocimientos básicos de inglés no debe ser un impedimento para matricularse en dichos cursos. ## CAMPUS SECURITY REPORTS

Pursuant to the Clear Act, the College's Security Reports are published in each LACC class schedule and on the web at [www.lacitycollege.edu/public/Crime/index.htm](http://www.lacitycollege.edu/public/Crime/index.htm). Students may obtain a paper copy of the Report upon request from the Sheriff's office.

## STUDENT RESPONSIBILITIES

### TO BE INFORMED

It is the student's responsibility to be familiar with the information presented in this catalog and to know and observe all policies and procedures related to the program he or she is pursuing. Regulations will not be waived and exceptions will not be granted if a student pleads ignorance of policies or procedures.

While LACC academic counselors are available to assist you in planning your schedule, and other instructors are available to assist you, it remains the responsibility of the student to follow all policies and to meet all requirements and deadlines. Students need to satisfy the requirements of the catalog in effect at the time he or she is admitted to, and begins course work in, a degree or certificate program. If a student is not in attendance for more than one consecutive semester, he or she must follow the catalog in effect when they return. New catalogs take effect in the Fall semester of the year published.

### CATALOG RIGHTS

The college catalog is the document of record. A student will maintain "catalog rights" by continuous\* attendance in the Los Angeles Community College District to satisfy the degree, certificate or graduation requirements in effect at the college from which the student will earn the degree, certificate or graduate if:

1. At the time the student began such attendance at the college, or
2. At the time of graduation.

\* Continuous attendance means no more than a one semester absence within a school year, excluding summer sessions and winter inter sessions. Absence due to an approved educational leave shall not be considered an interruption in attendance, if the absence does not exceed two years.

### For purposes of implementing this policy, the college may:

1. Authorize or require substitutions for discontinued courses; or
2. Require a student changing his/her major to complete the major requirements in effect at the time of the change.

### DIRECTED STUDY COURSES

Directed Study courses are offered by several academic and vocational departments. They are designed for students who are capable of independent work and who demonstrate the need or desire for additional study beyond the regular curriculum. Enrollment allows students to pursue activities such as directed field experience research or the development of skills and competencies under faculty advisement and supervision. Directed Study courses are available in a wide variety of disciplines. Students wishing to enroll in a Directed Study course should contact the appropriate department chair. Units are awarded depending upon satisfactory

performance and the amount of time committed by the student to the course. Allowable units vary according to discipline and are based on the following formula: Directed Study 185 (1-unit) = 48 hours per semester Directed Study 285 (2-unit) = 96 hours per semester Directed Study 385 (3-unit) = 144 hours per semester Students should note that there are limitations as to the allowable maximum number of Directed Study units. For all Directed Study Courses transferring to the University of California, the maximum credit allowed is 3 semester units per term or six units total in any and all appropriate subject areas combined. The granting of transfer credit for Directed Study courses is contingent upon review of the course outline by the appropriate UC campus. It is recommended that students consult with a College Counselor and with the appropriate instructor and/or department chairperson before enrolling in Directed Study courses. Please refer to the current Schedule of Classes for information regarding specific Directed Study classes being offered.

### GRADE REPORTS

The Los Angeles Community College District does not mail grades to students. Students may receive information on their grades through the Student Information on the web.

You may obtain a printed copy of your grades from the LACC Admissions Office. This printed copy is not a transcript or a Verification of Enrollment. If you need a transcript or a Verification of Enrollment, you may order it from the Admissions Office.

### ADDING/DROPPING CLASSES AND COLLEGE WITHDRAWAL

LACC policies regarding adding and dropping classes are listed below. These policies are subject to change.

#### Adding Classes:

Only students who have been admitted to the College and are in approved active status may add or attend classes. Registered students who are on a waiting or standby list must obtain permission from the instructor to add the class.

During the first two weeks of the term, available classes are posted by section number in an area near the Office of Admissions in the Administration building.

#### Dropping Classes:

Students wishing to drop one or more classes must do so through the Office of Admissions by filing a drop card or web site. It is the student's responsibility to drop from class if he or she decides not to attend or stops attending. Students might not be automatically dropped and/or excluded and will be accountable for any fees due. The following schedule applies to dropping classes. Any drops or exclusions that occur before the end of the 4th week of the semester (or 30% of the time the class is scheduled to meet) will not be noted on the student records.

Any drops or exclusions that occur between the 5th and the 12th week of the semester (or 75% of the time

the class is scheduled, whichever is less) will result in a "W" ("Withdrawal") on the student's record, which will be included in the determination of progress probation. Drops are not permitted beyond the end of the 12th week. A grade (A, B, C, D, F, P, I, or NP) will be assigned to students who are enrolled past the end of the 12th week even if they stop attending class, except in cases of extenuating circumstances. After the last day to drop students may withdraw from class upon petition demonstrating extenuating circumstances. Petitions may be obtained from the Office of Admissions.

#### Withdrawal from the College:

It is recommended that students consult with a College Counselor when withdrawing (dropping all classes). Clearance of the record in courses where equipment has been issued is required when students separate from such classes.

### PROBATION & DISMISSAL

#### Standards for Probation:

The following standards for academic and progress probation shall be applied as required by regulations adopted by the Board of Governors of the California Community Colleges.

**Probation:** A student shall be placed on probation if any one of the following conditions prevail:

**Academic Probation:** The student has attempted a minimum of 12 semester units of work and has a grade-point-average less than a "C" (2.0).

**Progress probation:** The student has enrolled in a total of at least 12 semester units and the percentage of all units in which a student has enrolled and for which entries of W (Withdrawal), I (Incomplete), and NP (No Pass) are recorded reaches or exceeds fifty percent (50%).

**Transfer student:** The student has met the conditions of "Academic Probation" or "Progress Probation," above, at another college within the Los Angeles Community College District. Units Attempted: "Units Attempted," for purposes of determining probation status only, means all units of credit in the current community college of attendance in which the student is enrolled.

#### Standards For Dismissal:

Students shall be subject to dismissal and subsequently be dismissed under the conditions set forth within this section. Dismissal from Los Angeles City College shall disqualify students from admission to any college in the Los Angeles Community College District (LACCD).

**Academic Dismissal:** Students who are on academic probation shall be subject to dismissal if they have earned a cumulative grade-point-average of less than 2.0 in all units attempted in each of three consecutive semesters. Students who are on academic probation and who earn a semester grade-point-average of 2.0 or better shall not be dismissed as long as this minimum semester grade-point-average is maintained.

# POLICIES: STUDENT – CONTINUED

**Progress Dismissal:** Students who are on progress probation shall be subject to dismissal if the cumulative percentage of units in which they have been enrolled for which entries of W (Withdrawal), I (Incomplete), and NP (No Pass) are recorded in at least three (3) consecutive semesters reaches or exceeds fifty percent (50%). Students who are on progress probation shall not be dismissed after a semester in which the percentage of units in which they have been enrolled for which entries of W, I and NP are recorded is less than fifty percent (50%).

**Appeal of Dismissal:** Students who are subject to dismissal may appeal to the Vice President of Student Services. ### STUDENT GRIEVANCE PROCEDURES - OMBUDSPERSON ADMINISTRATIVE REGULATION E-55

Information about the grievance procedures and a copy of the regulation are available to grievant(s) and/or respondent(s) upon request at The Office of Student Life, in SU 219. The purpose of this regulation is to provide a prompt and equitable means for resolving student(s) grievances. In the pursuit of academic goals, the student should be free of unfair or improper action by any member of the academic community. The grievance procedure may be initiated by a student, or group of students who reasonably believe he/she/they have been subjected to unjust action or denied rights that adversely affect his/her/their status, rights or privileges as a student. It is the responsibility of the student(s) to submit proof of alleged unfair or improper action. The role of the Ombudsperson is that of a facilitator of the grievance process, and not that of an advocate for either the grievant(s) or respondent(s). During the informal resolution stage of the grievance process, the ombudsperson will facilitate informal meetings and discussions that may lead to a resolution of the grievance. If the matter cannot be resolved informally, the student may request a formal grievance hearing. Grievances pertaining to grades are subject to the California Education Code, Section 76224(a) which states: “When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith or incompetency, shall be final.” This grievance procedure does not apply to the challenge process for prerequisites, co-requisites, advisories and limitations on enrollment; alleged violations of sexual harassment; actions involving student discipline; alleged discrimination on the basis of the ethnic group identification, religion, age, sex, color, sexual orientation, physical or mental disability; or an appeal for residency decision; or the eligibility, disqualification or reinstatement of Financial Aid. Additional information regarding discrimination and sexual harassment procedures and policies are listed in the Schedule of Classes and the College Catalog. Procedure may be obtained from the Associate Dean of Student Life & Leadership Development located in SU 219. For assistance, call (323) 953-4000 extension 2453.
