The California General Education Transfer Curriculum (Cal-GETC) is the singular general education pathway for California Community College (CCC) students to fulfill lower-division general education requirements necessary for transfer and admission to both the California State University (CSU) and the University of California (UC). Completion of the Cal-GETC is not an admission requirement or admission guarantee for transfer to the CSU or UC, nor is it the only way to fulfill the lower-division general education requirements for students at the CSU or UC. However, Cal-GETC may be a requirement for some programs (e.g., if an ADT is required). Students may choose to complete coursework to meet the CSU or UC campus-specific breadth requirements of the university program to which they plan to transfer.

- All courses taken to meet Cal-GETC requirements must be completed with a grade of “C” or better. A grade of Credit or Pass may be used if the college’s policy states it is equivalent to a grade of C or better.
- No more than 14 semester units (21 quarter units) of Pass/No Pass (Credit/No Credit), excluding credit by examination, may be used toward Cal-GETC certification.
- Although courses may be listed in multiple general education areas (1-6), a course can be given credit in only one GE subject area.
- Courses from foreign institutions cannot be used for Cal-GETC certification, however, international courses can be evaluated at the receiving CSU or UC and applied to their campus-specific breadth requirements.
- All CSU/UC transferable courses can be verified at [www.assist.org](http://www.assist.org). This advisement sheet can be modified or updated from time to time.
- Consult with a counselor regarding which catalog year may be most beneficial and appropriate (i.e., if you are eligible to use previous CSU GE-Breadth or IGETC patterns).

Cal-GETC policies are governed by the CSU, UC and ICAS. The Articulation Officer has final review and determination of all courses and catalog rights applied toward Cal-GETC full certification.
